Four Programs...

Fast Track

Fast Track: Licensed pets with current information, microchips, and physical tags are reunited with their owners more quickly than pets without a license. Give your pet the advantage of Fast Track.

Free Ride Home

Free Ride Home: With a current license or microchip, found pets receive a free ride home the first time they are lost, avoiding unnecessary and expensive trips to the Shelter. This not only saves money and time, but can ensure that animals are not exposed to potential illness from other animals at the Shelter.

Extended Stay

Extended Stay: Licensed pets get an automatic 14 day care period at the Shelter (rather than the standard 6 day care period) if they are impounded, before they are available for adoption.

Vacation Pet Alert

Vacation Pet Alert: Pet owners can now rest easier when someone else is caring for their pets. Before leaving town, pet owners with a current license may call (562) 570-PETS to register where their pet will stay while they are gone, and ensure that they are returned home in case they are lost.

New Law Information...

In the City of Long Beach, starting October 1, 2015, all dogs over 6 months are required to be spayed or neutered LBMC 6.16.085. Exemptions will be granted for medical conditions with a veterinarian's written assessment as well as breeders who have obtained a permit from the Bureau of Animal Control. Any unaltered dog that has a valid license from the Animal Care Services Bureau prior to October 1 is exempt from the mandatory spay/neuter law as long as the license is kept current. For more information on spay/neuter programs and a complete exemption list please visit www.LongBeachAnimalCareServices.com or call [562-570-7387](tel:562-570-7387)
